

CALMAC MEETING/WORKSHOP NOTICE
and
OTHER MEASUREMENT RELATED EVENTS

The California Measurement Advisory Council (CALMAC) will hold a public workshop to discuss the proposed 2003 Utilities Statewide California energy efficiency programs.

**Pacific Energy Center
851 Howard Street
San Francisco, CA**

Wednesday June 4, 2003

10 AM – 2 PM

An agenda for the meeting is attached to this notice. Teleconferencing capabilities will be made available for individuals who are unable to attend this meeting. The teleconferencing number is as follows: **1-877-441-4895 Pass Code – 243354**. If you have questions regarding the meeting, please contact Athena Besa by e-mail at abesa@semprautilities.com.

In addition, we bring to your attention "Energy Efficiency as a Resource," a conference organized by the American Council for an Energy-Efficient Economy and supported by CALMAC members and other organizations. It will be held in Berkeley on June 9-10. The conference includes sessions on several measurement and evaluation topics: using energy efficiency potential studies to target energy efficiency programs for meeting transmission and distribution constraints; studies of California's energy efficiency and conservation responses in 2001; and valuing energy efficiency in terms of risk reduction. More information about the conference, including a detailed agenda, is available at the ACEEE website, <http://www.aceee.org/conf/03ee/03eeconf.htm#info>
